Growing Season

This spring let's embrace the opportunities that come with warmer weather and stronger community connections.

Whether it's a public event, catching up with loved ones, or exploring somewhere new, every social interaction helps build a happier, healthier community.

After all spring is not just for garden blooms, it's equally the season for growing friendships, strengthening our wellbeing and nurturing interests.

What Works & What's a Work-on?

We're committed to providing services that help keep our community connected, independent and engaged. Central to our success is listening to those that use our services: you.

Your feedback tells us what's working well and where we can do better. Whether you've had a great experience with a driver, found our booking process easy to use, or have suggestions for improvements,

please complete our survey. It will only take a few minutes but you can help make a lasting difference.

Surveys have been posted out or just ask your driver for a copy—or use the link in the email that bought you this newsletter.

Thank you for helping us grow, improve and sustain the best possible service for our community.

Meet the staff

RICHARD (RICK) Driver

I have been with Community Transport for some seven years. After recently moving to the Central Coast I was pleased to continue my journey by joining the team at CCCT.

I enjoy golf, and my wife and I have taken up pickleball. We are loving life on the coast and have settled in very well.

One of the best things about my role is helping with our Mystery Tours. They are a great way to meet people, share experiences, and enjoy a day of fun and adventure. So, if you get the chance, get on board and join us on a Mystery Tour!

Choosing to Pay When Booking Outings

If opt to pay when booking you are helping us confirm places for everyone else and make check-ins on the day quicker. Importantly, your card details are directly entered into our secure payment application.

For safety's sake, we don't record or retain your card details.
